

Information for Patients about the Virtual Burns Clinic (Adults)

You have sustained a burn. Most burns will usually heal within a few weeks but you may need to have an appointment with the Nurse at your GP Surgery to have your dressings changed.

As your burn meets the criteria for referral to a specialist burns unit, your details and a photograph of your burn have been sent to the Canniesburn Plastic Surgery and Burns Unit at Glasgow Royal Infirmary to be reviewed by the Burns Team.

A member of the Burns Team will contact you within 5 days from a 0800 or blocked number to arrange a video or telephone consultation.

If they decide that you need specialist inpatient or outpatient treatment, they will arrange an appointment for you to attend the Burns Clinic at Glasgow Royal Infirmary. If not, they will tell you about any further treatments that you need from the Nurse at your GP Surgery.
