Dear Practice

Ad Hoc Vaccinations

In line with the vaccination transformation programme Ad Hoc Vaccinations will be removed from general practices from the 1st April 2022. I am enclosing information on how you can refer your patients who require Ad Hoc Vaccination services from the 1st April 2022.

An Online referral form is available. The link to the referral form can be found: <https://forms.office.com/r/GGAGSZg1Sz>. Once completed click submit at the end of the form.

Our contact Centre on receipt of the form will contact the patient and arrange an appointment for them to attend one of our vaccination centres. Please advise your patient that they may receive a call from a 0800 or withheld number.

Work is underway to support referrals via SCI Gateway for Vaccination. It is anticipated that this should be available by end of June 2022. Practices will be kept informed of progress and the availability of SCI Gateway for Vaccination Referrals in due course.

Yours sincerely,

A handwritten signature in black ink that reads 'Jane A. Beresford'. The signature is written in a cursive style.

Jane A. Beresford

Public Health Programme Manager - Vaccinations
